## No Bake Brownie Bites

### Ingredients:

- 230g or 1 Box Ready-made brownie mix
- 100g Semi-melted butter
- Mini Chocolate chips (I prefer using the semi-sweet chocolate for this)
- Cocoa Powder (for coating)

### Steps:

1. Mix the semi-melted butter on the brownie powder until you get a sticky dough which is perfect to form them into balls.
2. Add the mini choco chips. Be sure to let the mixture cool down a bit before adding the chips so that it won't melt. Mix well.
3. Form the dough into small balls. Coat them with the cocoa powder.
4. Put these brownie bites into the fridge for 15-30 minutes.

*This recipe can make 15-18 brownie bites.*
